Hi James,

I'm out of the office starting tomorrow and I won't be back until Monday the 23rd. I didn't realize this was going to undergo another programmatic review after it was approved by the GCA's office. That isn't typical procedure. Looks like there are quite a few changes in Section I - I won't have time to look at this today, so I'm copying Bruce so he can review next week when he is back in the office. Please keep in mind that as he was not the original GCA reviewer he may have additional comments that I didn't have. I'm also copying Val as she will be back Monday.

James – can you please revert the opportunity in IGMS to the prior stage? Since we are undergoing another round of review it should be in the previous stage. Also that will allow me to make Bruce a delegate for me. You should be able to do it from the Workflow History Tab.

Subject: RFP 18-03 Conowingo WIP ~ re-submitting for Office of Competition Advocate review

Hi Liz,

I've attached two versions.
The first attachment is the clean version.
The second is the version with the track changes and comments so you can easily identify what we are changing based on the Steering Committees feedback.

Please note that the dates have been changed in the Clean version only.

IGMS NGGS has both two versions.

If you approve, then I will re-submit my posting request with the revised posting date in this RFP announcement to Ayo.

Thanks!
